A GREAT REMEDY.

"I wish to express my thanks to you for the good I have received from your Favorite Prescription." I have used it at different times for the last freezests and I ways with the most gratifying results. But the most gratifying results. tidings that a sure and effectual remedy has been discovered, which has never the cure of the severest cases of small pox or scarlet fever. The remedy is so simple that many doubt its week, but the Rev. Ceo. Dunbar, of Amityvine, states that he has seen the workings of the compound, and does not hesitate to pronounce it wonderful. The recipe is as follows: Sulphate of zinc, one grain; foxglove,

(digitalis,) one grain; half tea-spoonful of sugar; mix thoroughly; when mix-ed, add four ounces of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child smaller doses, according to age.

The Rev. J. N. Folwell, a Baptist

clergyman residing in Brooklyn, in sending the recipe to a Brooklyn paper at the time the smallpox was raging in

the Eastern District, says.

The recipe has been used to my knowledge in hundreds of cases. It will prevent or cure the smallpox, though the pittings are filled When Jenner discovered cowpox in Eugland, the world of science hurried an ava-lanche of fame upon his head; but when the most scientific school of medicine in the world-that of Paris-publishes this recipe as a panacea for smallpox, it is passed unheeded. It is as unfailing as fate, and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever. Here is the recipe as I have used it, and cured my children of scarlet fever; here it is as I have used it to cure the smallpox when learned physicians said

It is to be hoped that this recipe will be preserved; and that prejudice will not deter people from taking advantage of it, by using it themselves, or by recommending it to friends who may be suffering from either of the dread diseases.—Babylon (N. Y) Signal, No. 392
